**A Message from the State Town  
and Country Art Program  
Committee**

Welcome to the 1984 Town and Country Amateur Art Exhibition. We invite you to enjoy this display of work by Illinois amateur artists.

For nearly three decades the Town and Country Art program has been devoted exclusively to nonprofessional art in the State of Illinois. The program has been the source of motivation for many amateur artists to produce creative two- and three-dimensional art forms as well as high quality crafts and photography.

This show is the culmination of county and regional exhibitions throughout the state during the past spring and summer. The 188 works you will see today are among the 7,141 pieces entered by 3,276 amateur artists in 59 county shows. There 803 blue-ribbon winners were selected for nine regional shows. To be included in this state show, the work had to receive a blue ribbon at the regional show.

At the heart of the Town and Country Amateur Art program are the artists. To them, we extend congratulations on their creative achievement and on the important contribution they make to the cultural development in the state.

To the dedicated faculty members and many volunteers who assure the program's continuing success, we express our appreciation.

To Kenneth Lansing, Professor of Art and Design, we pay a special tribute for his valuable contributions which spanned more than a decade. His long-time leadership and commitment to excellence leave a lasting impact on the program.
